Celebrating 35 Years of

Excellence

Center for Excellence in Education

2017-2018 Alumni Campaign

Giving Tuesday is less than one week away!

On Tuesday, November 28, 2017, join the Center for Excellence in Education (CEE) for #GivingTuesday, a global charitable giving movement that is growing among friends, families, organizations, businesses and communities in all 50 states and in countries around the world. Millions of people will mobilize on #GivingTuesday to support and champion the causes they believe in.

Encourage your friends, family and colleagues to support the Center's vital STEM education mission on #GivingTuesday. Greater support will enable CEE to continue its high-impact programs at no cost to students, teachers and parents.

On #GivingTuesday, follow CEE on social media for stories about the people and programs that have made the Center a leader in STEM education for 34 years. Share those stories with everyone in your network so that support grows for CEE's mission nurturing high school and university scholars to careers of excellence in STEM. CEE's Research Science Institute (RSI), BioUnlimited, USA Biology Olympiad (USABO) and Teacher Enrichment Program (TEP) are addressing vital global challenges in science, technology, engineering and mathematics.

Make STEM dreams come true on #GivingTuesday, November 28, 2017 with a gift at www.CEE.org/donate.
