

Guest Lecture Program for Brevard County's Jr. & Sr. High Schools

- ❑ AIAA's CCS guest lecturer program introduces students to Space Systems as defined in the Next Gen. Science Standards for States
- ❑ Our guest lecturers have a rich resume of STEM experience and are passionate about Aeronautics and Astronautics
- ❑ Following the presentation, the guest lecturer will be available to answer questions about their own journey that led them to a professional STEM career

- ✓ Building blocks... Matter & Energy & Space & Time
- ✓ The Cosmological Model – Is it still trendy?
- ✓ Earth's star attraction... the Sun
- ✓ Engineering, Technology and Applications to Space Science
- ✓ Science, Technology, Engineering & Math careers... RU getting ready?
