

**Dear CEE Alumni,**

**We did it!**

**Thanks to you—our incredible community of Research Science Institute (RSI) and USA Biology Olympiad (USABO) alumni donors—we surpassed both the financial and donor participation goals in the 2017-2018 Alumni Campaign!**

**Between September 19, 2017 and March 31, 2018 your generosity helped ensure the longevity of CEE's RSI and USABO programs through more than 500 gifts totaling more than \$350,000. Campaign proceeds will support the Center's endowment so that its renowned STEM programs can serve generations to come. THANK YOU!**

**We are incredibly grateful to our volunteer Campaign leaders and generous alumni donors. CEE's alumni community came together to make dreams come true for future scholars.**

**Thank you all for supporting the Center and its timeless mission: “To nurture high school and university scholars to careers of excellence and leadership in science, technology, engineering and mathematics (STEM), and to encourage international collaboration between and among leaders in the global community.”**

**The Campaign's success will be celebrated at CEE's 35<sup>th</sup> Anniversary Weekend in Cambridge, MA, October 12-14!**
