

Celebrating 35 Years of

Excellence

Center for Excellence in Education

2017-2018 Alumni Campaign

Alumni Campaign Update

As we continue to move toward our \$350,000 goal to enhance CEE's endowment, we are ever more reminded of our daily mission: To nurture high school and university scholars to careers of excellence and leadership in science, technology, engineering and mathematics (STEM), and to encourage international collaboration between and among leaders in the global community.

The Center continues to uphold this mission of excellence, first set in place in 1983 by our co-founders, the late Admiral H.G. Rickover and CEE's President Joann DiGennaro, that no participating scholar would ever be turned away due to lack of ability to pay. That is standard for which we can all be proud.

In creating opportunities for deserving students, every gift matters, no matter its size. Your gift will play a crucial role in the progress and continuing success of the Center to prepare our dedicated and talented scholars to become tomorrow's STEM leaders.

Alumni Events

- **Spring, 2018:** CEE Annual Congressional Luncheon, date TBD
